INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
CRETE PUBLIC LIBRARY DISTRICT
Crete, Illinois

Opinions

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of **CRETE PUBLIC LIBRARY DISTRICT** (the "District"), as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2022, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and required supplementary information as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

CRETE PUBLIC LIBRARY DISTRICT MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Crete Public Library District (the "District") we offer readers of the District's financial statements this narrative overview and analysis of the District's financial performance during the fiscal year ended June 30, 2022. We encourage readers to read this information in conjunction with the District's financial statements.

Financial Highlights

The District's total net position at June 30, 2022 was \$3,768,870, an increase of \$190,452 from June 30, 2021.

The District's governmental activities had revenues of \$1,882,856 in the year ended June 30, 2022 compared to revenues of \$1,838,731 in the prior year. The District's governmental activities had expenses of \$1,692,404 in the year ended June 30, 2022 compared to expenses of \$1,786,737 in the prior year. This represented a 2.40% increase in revenues and 5.28% decrease in expenses. See following pages for explanation of these changes.

Overview of the Financial Statements

Management's discussion and analysis serves as an introduction to the District's financial statements. The basic financial statements include the Statement of Net Position, Statement of Activities, Governmental Funds Balance Sheet, Governmental Funds Revenues, Expenditures and Changes in Fund Balances, and Notes to Financial Statements.

Government-wide Financial Statements

The Government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business. These statements provide both long-term and short-term information about the District's overall status.

The Statement of Net Position includes all of the District's assets, deferred outflows, liabilities and deferred inflows with the difference reported as net position. Increases and decreases in net position serve as a useful indicator of change in net position and whether the financial position of the District as a whole is improving or deteriorating. Non-financial factors, such as changes in the District's property tax base and condition of the District's buildings and equipment, should be considered regarding the overall health of the District.

The Statement of Activities reports how the District's net position changed during the current fiscal year. All revenues and expenses are included regardless of when cash is received or paid. An important purpose of the design of this statement is to show the financial reliance of the District's distinct activities or functions on revenues provided by the District's taxpayers.

Fund Financial Statements

A fund is a group of accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District uses funds to ensure and demonstrate compliance with finance-related laws and regulations. Within the basic financial statements, fund financial statements focus on the District's most significant funds rather than the District as a whole. Major funds are reported separately while all other funds are combined into a single aggregated presentation.

Governmental funds are reported in the fund financial statements and encompass essentially the same functions reported as governmental activities in the government-wide financial statements. However, the focus is very different with fund statements providing a distinctive view of the District's governmental funds. These statements report short-term fiscal accountability focusing on the use of spendable resources and the balance of spendable resources available at the end of the year. They are useful in evaluating annual financing requirements of governmental programs and the commitment of spendable resources for the short-term.

Both the Governmental Funds Balance Sheet and Governmental Funds Revenues, Expenditures, and Changes in Fund Balances provide a reconciliation to assist in understanding the difference between the government-wide and fund financial statements.

In addition to the basic financial statements, notes to the financial statements provide further information to the reader and should be considered an integral part of the financial statements.

Budgetary comparison schedules are also provided as required supplemental information, which is useful in comparing how District expenditures were made in comparison to budgeted amounts.

Financial Analysis

Net position may serve, over time, as a useful indicator of a District's financial position. The District's assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by \$3,768,870 at the end of the fiscal year. Of the net position balance, \$1,792,891 is invested in capital assets, \$635,162 is restricted and \$1,340,817 is unrestricted net assets.

Condensed Statement of Net Position

	<u>June 30, 2022</u>	<u>%</u>	<u>June 30, 2021</u>	<u>%</u>	<u>Change</u>	<u>%</u>
Assets						
Current assets:						
Cash and investments	\$ 3,643,923	56.1%	\$ 3,326,128	51.6%	\$ 317,795	9.6%

Liabilities						
Current liabilities	\$ 65,685	2.4%	\$ 91,843	3.2%	\$ (26,158)	-28.5%
Net pension liability	368,747	13.5%	645,234	22.5%	(276,487)	-42.9%
Total liabilities	434,432	15.9%	737,077	25.7%	(302,645)	-41.1%
Deferred inflows of resources	2,292,506	84.1%	2,128,938	74.3%	163,568	7.7%
Total liabilities and deferred inflows of resources	2,726,938	100.0%	2,866,015	100.0%	(139,077)	-4.9%
Net Position						
Net investment in capital assets	1,792,891	47.6%	1,952,398	54.6%	(159,507)	-8.2%
Restricted	635,162	16.9%	640,894	17.9%	(5,732)	-0.9%
Unrestricted	1,340,817	35.6%	985,126	27.5%	355,691	36.1%
Total net position	<u>3,768,870</u>	<u>100.0%</u>	<u>3,578,418</u>	<u>100.0%</u>	<u>190,452</u>	<u>5.3%</u>
Total liabilities, deferred inflows of resources and net position	<u>\$ 6,495,808</u>		<u>\$ 6,444,433</u>		<u>\$ 51,375</u>	

- The District's current liabilities consisted of accounts payable and accrued expenses.
- Deferred inflows of resources consisted of unavailable property taxes and deferred IMRF resources.
- Deferred outflows of resources consisted of deferred IMRF resources.

Net position:

- Net position may serve, over time, as a useful indicator of the District's financial position.
- The District's largest portion of net position reflects its investment in capital assets. The District uses these capital assets to provide services to residents; therefore, they are not available for future spending.
- Restricted net assets are resources constrained for a specific purpose by enabling legislation.
- Unrestricted net assets can be used for any purpose.

Condensed Statement of Activities

The statement of activities shows the nature and source of the changes in net position. The following summarizes the revenue and expenses of the District's governmental activities for fiscal year ended June 30, 2022. Governmental activities increased the District's net position by \$190,452.

	July 1, 2021 to June 30, 2022		July 1, 2020 to June 30, 2021		Change	
		%		%		%
Revenues						
General Revenues:						
Property taxes	\$ 1,813,410	96.3%	\$ 1,776,422	96.6%	\$ 36,988	2.1%
Replacement tax	12,431	0.7%	5,072	0.3%	7,359	145.1%
Receipts	24,952	1.3%	26,469	1.4%	(1,517)	-5.7%
Grants	26,677	1.4%	22,608	1.2%	4,069	18.0%
Gifts and donations	4,201	0.2%	6,695	0.4%	(2,494)	-37.3%
Investment income	1,185	0.1%	1,465	0.1%	(280)	-19.1%
Total revenues	<u>1,882,856</u>	<u>100.0%</u>	<u>1,838,731</u>	<u>97.7%</u>	<u>44,125</u>	<u>2.4%</u>
Expenses						
Cultural	1,644,131	97.1%	1,760,197	98.5%	(116,066)	-6.6%
Capital outlay	48,273	2.9%	26,540	1.5%	21,733	81.9%
Total expenses	<u>1,692,404</u>	<u>100.0%</u>	<u>1,786,737</u>	<u>100.0%</u>	<u>(94,333)</u>	<u>-5.3%</u>
Change in net position	190,452		51,994			
Net position, beginning of year	<u>3,578,418</u>		<u>3,526,424</u>		<u>51,994</u>	<u>1.5%</u>
Net position, end of year	<u>\$ 3,768,870</u>		<u>\$ 3,578,418</u>		<u>\$ 190,452</u>	<u>5.32%</u>

The nature of this year's revenue is quite similar to the previous fiscal year with the majority portion of revenues used to fund cultural expenses. Revenues increased \$44,125 but expenses decreased \$94,333. The decrease in expenses is the result of a higher IMRF return on investment, which reduced the District's expense.

Budget

The District did not amend their budget during the fiscal year. The actual funds received for the general fund were \$1,710,705 which was \$253,672 higher than budgeted. Actual expenditures for the general fund of \$1,378,538 were \$371,462 lower than budgeted, due mainly to conservative spending practices.

Financial Analysis of District's Funds

	General	Special Reserve	Working Cash	Other Funds	Total
Total revenues	\$ 1,710,705	\$ -	\$ -	\$ 172,151	\$ 1,882,856
Total expenditures	1,378,538	85,649	-	221,537	1,685,724
Excess (deficiency) of revenues over (under) expenditures	332,167	(85,649)	-	(49,386)	197,132
Transfers	(200,000)	160,000	-	40,000	-
Change in fund balance	132,167	74,351	-	(9,386)	197,132
Fund balance at June 30, 2021	553,607	964,852	611,528	309,385	2,439,372
Fund balance at June 30, 2022	<u>\$ 685,774</u>	<u>\$ 1,039,203</u>	<u>\$ 611,528</u>	<u>\$ 299,999</u>	<u>\$ 2,636,504</u>

The special reserve fund balance was committed by the Board for maintaining, renovating or enlarging the existing District's property, building repairs and equipment purchases. The working cash fund is restricted for loans to other funds within the District. The other fund balances are primarily restricted or committed for specific purposes. The general fund balance is unrestricted and can be used for any purpose.

At the February 16, 2022 board meeting, the Board of Trustees approved transfers from the general fund of \$160,000 to the special reserve fund, \$20,000 to the IMRF fund, and \$20,000 to the workmen's compensation fund for future operating expenses of those funds.

Capital Assets

The District's investment in capital assets, net of accumulated depreciation was \$1,792,891 as of June 30, 2022. This was a decrease of \$159,507 from June 30, 2021 and was due to depreciation expense exceeding fixed asset additions. The following summarizes capital assets.

	June 30, 2022	June 30, 2021
Land	\$ 133,932	\$ 133,932
Building and improvements	4,139,645	4,102,269
Furniture and equipment	396,742	419,276
Library collection	555,785	574,908
Total capital assets	<u>5,226,104</u>	<u>5,230,385</u>
Less: accumulated depreciation	<u>3,433,213</u>	<u>3,277,987</u>
Net capital assets	<u>\$ 1,792,891</u>	<u>\$ 1,952,398</u>

Additional information regarding capital assets may be found in the accompanying notes to the financial statements.

Economic Factors Bearing on the District's Future

At the time these financial statements were prepared, the District was aware of the following circumstances that could significantly affect its financial health in the future.

- The District's service area is the same as the boundaries for the Village of Crete and Crete Township; as such the District's ability to generate tax receipts is directly linked to the Equalized Assessed Valuation (EAV) of the property within the Village of Crete and Crete Township. The EAV increased from \$345,318,598 to \$366,816,266 from 2020 to 2021.
- Library systems in Illinois are funded by the State of Illinois. Despite the State's financial constraints, it is hoped that system funds will arrive in a more timely fashion. Resource sharing and delivery of materials continue to be the highest priorities for service. RAILS (Reaching Across Illinois Library System) adopted new membership standards that include ongoing continuing education requirements. RAILS increased continuing education opportunities for its members and offers most at very low or no cost. Many training sessions are offered online which saves staff time and does not require mileage reimbursement. If system funding is decreased, this could have an effect on future continuing education opportunities.
- The SWAN (System Wide Automated Network) consortium provides software and support services for bibliographic and circulation functions of almost 100 libraries. Fees for these vital services were slightly increased this year.
- The District's health insurance pool costs will increase this year.
- It is unknown what impact any State pension reforms or changes to the minimum wage may be forthcoming.
- The District's liability insurance pool conducts annual risk assessment evaluations. The costs have also shown an increase, due to several large claims against other members of the pool. Cyber security is expected to be a growing problem in the future and may be reflected in future rate

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those interested. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Executive Director, Crete Public Library District, 1177 N. Main Street, Crete, Illinois 60417.

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

CRETE PUBLIC LIBRARY DISTRICT (the “District”) is located in Crete, Illinois. The District was organized under state law to provide cultural and library services to local residents.

The accounting policies of the District conform to accounting principles generally accepted in the United States of America as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the District’s accounting policies are described below.

A. Reporting Entity

Accounting principles generally accepted in the United States of America require that the financial reporting entity include the primary government, organizations for which the primary government is financially accountable, and other organizations for which the nature of significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete. Based upon these criteria, there are no agencies or entities whose financial data should be combined with and included in the financial statements of the District. Also, the District is not considered a component unit of any other government entity.

B. Basis of Presentation

The fund and government-wide financial statements are combined, with a reconciliation shown between them. Therefore, the Governmental Funds Balance Sheet and Statement of Net Position are combined, and the Governmental Funds Revenues, Expenditures and Changes in Fund Balances and Statement of Activities are combined. The government-wide statements are designed to report the District’s financial position and results of operations as a whole. The fund financial statements are designed to demonstrate legal compliance and to aid financial management by segregating transactions by fund. Program revenues include desk receipts, meeting room receipts, and grants.

Major individual governmental funds are reported as separate columns on the fund financial statements and all other funds are combined under a single column. The major funds are the general fund, special reserve fund and working cash fund. Following is a brief description of the major funds used by the District.

General Fund – The general fund is the general operating fund of the District and accounts for all revenues and expenditures not encompassed within other funds. All general tax revenues and other receipts that are not allocated by law or contractual agreement to some other fund are accounted for in this fund. In addition, general operating expenditures and the capital improvement costs that are not paid through other funds are paid from this fund.

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

Special Reserve Fund – The special reserve fund is used for maintaining, renovating, or enlarging the District’s existing property, building repairs and equipment purchases.

Working Cash Fund – The working cash fund is used to account for financial resources held by the District to be used for temporary interfund loans to certain other funds.

C. Basis of Accounting

The government-wide statements (Statement of Net Position and Statement of Activities) are prepared using the economic resources measurement focus and the accrual basis of accounting. Under this method of accounting, revenues are recognized when earned and expenses are recorded when liabilities are incurred without regard to receipt or disbursement of cash. Property taxes are recognized as revenue in the year in which they are intended to finance. Interfund balances between funds have been eliminated in the government-wide statements.

Governmental funds are accounted for using a current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and current liabilities generally are included on the Balance Sheet. Operating statements of these funds present increases (i.e. revenues and other financing sources) and decreases (i.e. expenditures and other financing uses) in fund equity. Under the modified accrual basis of accounting, revenues are recognized in the accounting period in which they become both measurable and available to pay current period liabilities. “Measurable” means the amount of the transaction can be determined and “available” means collectible within the current period or soon enough thereafter (defined as within 60 days after the fiscal year-end) to be used to pay liabilities of the current period. Material revenues susceptible to accrual include property taxes and operating grant revenue. Expenditures are recognized when the related fund liability is incurred.

D. Prepaid Expenses

Payments made to vendors for services that will benefit periods beyond June 30, 2022 are recorded as prepaid expenses.

E. Capital Assets

The accounting treatment for property, plant, and equipment (capital assets) depends on whether the assets are reported on the government-wide or fund financial statements.

On the government-wide financial statements capital assets are valued at historical cost or the estimated historical cost if actual is unavailable, except for donated capital assets, which are recorded at the estimated fair value at the date of donation. Depreciation of all exhaustible capital assets is recorded as a cultural expense on the Statement of Activities, with accumulated depreciation reflected on the Statement of Net Position. Depreciation is provided over the assets’ estimated useful lives using the straight-line method of depreciation.

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

The range of estimated useful lives by type of asset is as follows:

Building and improvements	10 – 37.5 years
Furniture and equipment	5 years
Library collection (books and audio-visual)	5 years

The minimum capitalization threshold is any item with a total cost greater than \$500, except for purchases of books and audio visual, which are always capitalized.

On the fund financial statements, capital assets are accounted for as expenditures of the governmental fund upon acquisition.

F. Compensated Absences

It is the District's policy that employees must use their vacation time within one year of receiving the time. Any vacation time not taken during the year is forfeited and not paid. In addition, it is the District's policy that unused sick leave benefits are not paid to employees upon termination of employment. Based on the above, no accrual for compensated absences is recorded at June 30, 2022.

G. Deferred Outflows/Inflows of Resources

The District reports deferred outflows of resources on its Statement of Net Position. Deferred outflows of resources represent a consumption of net position that applies to future fiscal years, so it will not be recognized as an outflow of resources (expenditure or expense) on the Statement of Activities until then. The District only has one item that qualifies for reporting in this category, the outflows related to the pension, which represents pension items that will be recognized in future periods.

The District also reports deferred inflows of resources on its Governmental Funds Balance Sheet and Statement of Net Position. Deferred inflows of resources represent an acquisition of net position that applies to future fiscal years, so it will not be recognized as an inflow of resources (revenue or reduction of expenditure or expense) on the Governmental Funds Revenues, Expenditures and Changes in Fund Balances and Statement of Activities until then. The District has two items that qualify for reporting in this category:

- Deferred inflows related to pensions, which represent pension items that will be recognized in future periods.
- Levied property taxes intended to finance the next fiscal year, which will be recognized as revenue in the next fiscal year.

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

H. Property Taxes

The District annually establishes a legal right to revenue from property tax assessments upon enactment of a levy ordinance by its Board. Property taxes are recognized as a receivable at the time they are levied. Property tax revenues are recognized in the fiscal year they are intended to finance. In addition, revenue under the modified accrual basis (fund financial statements) is not recognized unless it is also available (collected within 60 days after fiscal year end). Property tax collections and property taxes receivable not recognized as revenue are reported as deferred inflows of resources. Property tax revenues on the fund financial statements are allocated to each fund in accordance with the applicable fund levy amounts.

The 2020 levy was intended to finance the fiscal year ended June 30, 2022. The most recent levy (2021) is intended to finance the fiscal year ending June 30, 2023. Therefore, property taxes receivable and collection of this levy are recorded as deferred inflows of resources. Property taxes receivable are recognized on the levy date.

The District has not recorded an allowance for uncollectible property taxes for the 2021 levy, since it is estimated that uncollectible amounts, if any, will be insignificant. All uncollected taxes relating to prior years' levies have been written off.

Significant dates for the 2021 levy are as follows:

Lien date	January 1, 2021
Levy date	November 17, 2021
First installment due	June 1, 2022
Second installment due	September 1, 2022

Property taxes are billed and collected by the County Treasurer of Will County, Illinois. Property tax bills are typically mailed at least 30 days prior to due dates. Substantially all of the collected taxes for the 2021 tax levy will be received by the District between June 2022 and December 2022.

I. Elimination and Reclassifications

In the process of aggregating data for the government-wide Statement of Activities and Statement of Net Position, some amounts reported as interfund activity and interfund receivables and payables on the fund financial statements may be eliminated or reclassified.

J. Fund Balance

Equity is classified as fund balance on the fund financial statements and displayed in five components:

- Nonspendable includes amounts not in spendable form, such as prepaid expenses or interfund balances or amounts required to be maintained intact legally or contractually.
- Restricted includes amounts constrained for a specific purpose by external parties.

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – Continued

- Committed includes amounts constrained for a specific purpose by a government using its highest level of decision-making authority (the Board of Trustees for the District). This formal action must occur prior to the end of the reporting period, but the amount of the committed balance may be determined in the subsequent period. Any changes to the constraints imposed require the same formal action of the Board of Trustees that originally created the commitment.
- Assigned includes general fund amounts constrained for a specific purpose by the Board of Trustees or by an official who has been delegated authority to assign amounts. The Board of Trustees has not delegated this authority as of June 30, 2022. Additionally, all remaining positive spendable amounts in government funds other than the general fund, that are neither restricted nor committed, are considered assigned. Assignments may take place after the end of the reporting period.
- Unassigned includes residual positive fund balance within the general fund which has not been classified within the other above-mentioned categories. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts restricted, committed, or assigned for those specific purposes.

In circumstances where an expenditure relates to amounts available in multiple fund balance classifications, the order in which resources will be expended is as follows: restricted fund balance, followed by committed, assigned and unassigned fund balances.

K. Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction, or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through constitutional provisions or enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. The District uses restricted resources when an expense is incurred before using unrestricted resources.

L. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 2. DEFINED BENEFIT PENSION PLAN

IMRF Plan Description

The District's defined benefit pension plan for regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The District's plan is managed by the Illinois Municipal Retirement Fund (IMRF), the administrator of a multiple-employer public pension fund. A summary of IMRF's pension benefits is provided in the "Benefits Provided" section of this document. Details of all benefits are available from IMRF. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available Comprehensive Annual Financial Report that includes financial statements, detailed information about the pension plan's fiduciary net position, and required supplementary information. The report is available for download at www.imrf.org.

Benefits Provided

Employees hired *before* January 1, 2011, are eligible for Tier 1 benefits. Tier 1 employees are vested for pension benefits when they have at least eight years of qualifying service credit. Tier 1 employees who retire at age 55 (at reduced benefits) or after age 60 (at full benefits) with eight years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1.67% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any consecutive 48 months within the last 10 years of service, divided by 48. Under Tier 1, the pension is increased by 3% of the original amount on January 1 every year after retirement.

Employees hired *on or after* January 1, 2011 are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating employees who retire at age 62 (at reduced benefits) or after age 67 (at full benefits) with ten years of service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1.67% of the final rate of earnings for the first 15 years of service credit, plus 2% for each year of service credit after 15 years to a maximum of 75% of their final rate of earnings. Final rate of earnings is the highest total earnings during any 96 consecutive months within the last 10 years of service, divided by 96. Under Tier 2, the pension is increased on January 1 every year after retirement, upon reaching age 67, by the *lesser* of:

- 3% of the original pension amount, or
- 1/2 of the increase in the Consumer Price Index of the original pension amount.

Employees Covered by Benefit Terms

As of December 31, 2021, the following employees were covered by the benefit terms:

	<u>IMRF</u>
Retirees and beneficiaries currently receiving benefits	14
Inactive plan members entitled to but not yet receiving benefits	8
Active plan members	<u>18</u>
Total	<u><u>40</u></u>

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 2. DEFINED BENEFIT PENSION PLAN - Continued

Contributions

As set by statute, the District's regular plan members are required to contribute 4.5% of their annual covered salary. The statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The District's annual contribution rate for calendar year 2021 was 15.86% of members' wages. For the fiscal year ended June 30, 2022, the District contributed \$121,714 to the plan. The District also contributes for disability benefits, death benefits, and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by IMRF's Board of Trustees, while the supplemental retirement benefits rate is set by statute.

Net Pension Liability

The District's net pension liability was measured as of December 31, 2021. The total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The following are the methods and assumptions used to determine total pension liability at December 31, 2021:

- The **Actuarial Cost Method** used was Entry Age Normal.
- The **Asset Valuation Method** used was Market Value of Assets.
- The **Price Inflation Rate** was assumed to be 2.25%.
- **Salary Increases** were expected to be 2.85% to 13.75%.
- The **Investment Rate of Return** was assumed to be 7.25%.
- **Projected Retirement Age** was from the Experience-based Table of Rates, specific to the type of eligibility condition. Last updated for the 2020 valuation pursuant to an experience study of the period 2017-2019.
- **Mortality** – For non-disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 2. DEFINED BENEFIT PENSION PLAN - Continued

The **long-term expected rate of return** on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

<u>Asset class</u>	<u>Portfolio target percentage</u>	<u>Long-term expected real rate of return</u>
Domestic equity	39%	1.90%
International equity	15%	3.15%
Fixed income	25%	-0.60%
Real estate	10%	3.30%
Alternative investments	10%	1.70-5.50%
Cash equivalents	1%	-0.90%
Total	100%	

No changes were made to the District's assumptions.

Single Discount Rate

A Single Discount Rate of 7.25% was used to measure the total pension liability. The projection of cash flow used to determine the Single Discount Rate assumed that the plan members' contributions will be made at the current contribution rate, and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. The Single Discount Rate reflects:

- The long-term expected rate of return on pension plan investments (during the period in which the fiduciary net position is projected to be sufficient to pay benefits), and
- The tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating (which is published by the Federal Reserve) as of the measurement date (to the extent that the contributions for use with the long-term expected rate of return are not met).

For the purpose of this valuation, the expected rate of return on pension plan investments is 7.25%, the municipal bond rate is 1.84%; and the resulting single discount rate is 7.25%.

NOTE 2. DEFINED BENEFIT PENSION PLAN – Continued

Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2022, the District recognized pension income of \$31,112. At June 30, 2022, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

Condensed Statement of Activities	Deferred outflows of resources	Deferred inflows of resources
<i>Deferred amounts to be recognized in pension expense in future periods</i>		
Differences between expected and actual experience	\$ 76,013	\$ 3,464
Changes of assumptions	14,087	27,156
Net difference between projected and actual earnings on pension plan investments	-	407,997
Total deferred amounts to be recognized in pension expense in future periods	90,100	438,617
<i>Pension contributions made subsequent to the measurement date</i>	56,739	-
Total deferred amounts related to pensions	\$ 146,839	\$ 438,617

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in the pension expense in the future periods as follows:

<u>Year ending December 31</u>	Net deferred outflows of resources
2022	\$ (60,247)
2023	(145,485)
2024	(89,327)
2025	(53,458)
2026	-
Thereafter	-
Total	\$ (348,517)

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 3. CASH AND INVESTMENTS

Reconciled cash and investments were as follows at June 30, 2022:

Old Plank Trail Community Bank - Petty cash	\$ 300
Old Plank Trail Community Bank - Checking account	187,221
Old Plank Trail Community Bank - Money market	<u>3,456,402</u>
Total cash and investments	<u>\$ 3,643,923</u>

The District's investment policy (the "policy") authorizes the District to invest in obligations of the U.S. government and its agencies, interest-bearing savings accounts, certain short-term obligations of U.S. corporations, money market mutual funds, certificates of deposit, Illinois Public Treasurer's Investment Pool (Illinois Funds), and other securities authorized by the Illinois Public Funds Investment Act.

The District's deposits and investments are subject to the following risks:

- Custodial credit risk is the risk that the District will not be able to recover its deposits with financial institutions in the event of the failure of the financial institutions. The District's policy limits this risk by only allowing deposits in Federally Insured or Licensed Institutions Permitted to Hold Public Funds, provided that such investments shall not exceed federal insurance limits. The District's policy limits this risk by only allowing investments in securities guaranteed by the United States government or in FDIC insured institutions.
- Credit risk is the risk that an issuer or counterparty to an investment will not fulfill its obligations, resulting in investment losses by the District. The District's policy limits this risk by requiring that uninsured investments shall be collateralized by securities or mortgages in an amount equal to at least fair market value of the uninsured amount.
- Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The District's policy does not limit the term of investments to specific maturities.
- Concentration of credit risk is the risk of loss attributed to funds being concentrated in a limited number of investments. The District's policy does not address this risk.

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 5. LONG-TERM LIABILITY

Long-term liability activity for the year ended June 30, 2022 was as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Due Within One Year</u>
Net pension liability	\$ 645,234	\$ -	\$ (276,487)	\$ 368,747	\$ -
Total	<u>\$ 645,234</u>	<u>\$ -</u>	<u>\$ (276,487)</u>	<u>\$ 368,747</u>	<u>\$ -</u>

The IMRF fund is used to liquidate the net pension liability.

NOTE 6. RISK OF LOSS

The District is exposed to various risks of loss through property ownership, employee injury, liability of employees, actions of elected officials and other risks. The District has membership with Libraries of Illinois Risk Agency (“LIRA”) to overcome these risks. LIRA is a cooperative agency voluntarily established by contracting public libraries, library districts, library systems and other units of government pursuant to Article VII, Section 10 of the 1970 Constitution of the State of Illinois and 5 ILCS 220/6 of the Illinois Compiled Statutes for the purpose of seeking prevention or reduction of casualty losses to governmental properties and injuries to persons or property which might result in claims being made against member units, their officers, and employees.

The relationship, including rights and responsibilities of the District and LIRA, is governed by an intergovernmental contract, which may be obtained from the District. In accordance with this contract, the District is obligated to report claims on a timely basis, follow risk management procedures adopted by LIRA, provide necessary information to LIRA, cooperate with LIRA’s attorneys and staff, and timely pay all contributions. LIRA has a Board of Directors that is responsible for administering the intergovernmental contract and managing the operating and reserve funds. The Board of Directors is elected or appointed by LIRA members, including the District.

There were no significant reductions in insurance coverage during the fiscal year ended June 30, 2022, and claims have not exceeded coverage in the last three years.

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 7. FUND BALANCE CLASSIFICATIONS

The following is a schedule of fund balance classifications for the government funds at June 30, 2022:

	<u>General</u>	<u>Special Reserve</u>	<u>Working Cash</u>	<u>Other Funds</u>
Fund balance:				
Nonspendable for short-term loans to other funds and prepaid expenses:				
Interfund loans	\$ -	\$ -	\$ 605,077	\$ -
Prepaid expenses	-	-	-	10,349
Restricted due to enabling legislation (tax levy):				
Public liability insurance	-	-	-	28,863
Workmen's comp.	-	-	-	1,222
Committed by Board of Trustees:				
Special reserve	-	1,039,203	-	-
IMRF	-	-	-	108,779
FICA	-	-	-	86,981
Audit	-	-	-	24,201
Unemploy. compens.	-	-	-	19,604
Workmen's comp.	-	-	-	20,000
Assigned for:				
Future operating expenditures	-	-	6,451	-
Unassigned	<u>685,774</u>	<u>-</u>	<u>-</u>	<u>-</u>
Total fund balances	<u>\$ 685,774</u>	<u>\$ 1,039,203</u>	<u>\$ 611,528</u>	<u>\$ 299,999</u>

NOTE 8. RESTRICTED NET POSITION

The following is a schedule of restricted net position on the Statement of Net Position at June 30, 2022. These balances are restricted by tax levies or by the contributor.

Restricted by tax levies for:

Working cash	\$ 605,077
Public liability insurance	28,863
Workmen's comp.	<u>1,222</u>
Total restricted by tax levies	<u>\$ 635,162</u>

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO FINANCIAL STATEMENTS

June 30, 2022

NOTE 9. POST EMPLOYMENT BENEFITS

The District has evaluated its potential other post-employment benefits liability. Former employees who choose to retain their rights to health insurance through the District are required to pay 100% of the current premium. Since employees pay 100% of the benefit, there is no liability to calculate in accordance with GASB Statement No. 75, Accounting and Financial Reporting for Post-Employment Benefits Other Than Pensions. Therefore, the District has not recorded a liability as of June 30, 2022.

NOTE 10. OTHER FUND DISCLOSURES

Accounting principles generally accepted in the United State of America require disclosure of certain information concerning individual funds. Fund transfers of \$160,000 were made from the general fund to the special reserve fund, and \$40,000 from the general fund to the non-major funds in the year ended June 30, 2022. These transfers were approved by the Board of Trustees to cover current and future expenses of these funds.

NOTE 11. SUBSEQUENT EVENTS

The District has evaluated events subsequent to June 30, 2022 for possible adjustment or disclosure to the accompanying financial statements. This evaluation was done through the date of the Independent Auditor's Report, which is the date the financial statements were available to be issued.

The District entered into a contract with Sealtight Exteriors Inc. for the installation of a new roof in October 2022. Total costs are expected to be \$206,800. As of the Auditor's Report Date, no costs have been incurred, nor has the new roof been installed.

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2022

NOTE 1. BUDGETS

Budgets for funds are adopted on a basis consistent with accounting principles generally accepted in the United States of America. The following procedures are used to establish the budgets:

- (a) The District's Director submits a proposed operating budget to the Board of Trustees for approval.
- (b) The Board of Trustees makes any adjustments to the budget deemed necessary and approves the proposed budget and appropriation ordinance.
- (c) Notice is published in a newspaper that the tentative Annual Budget and Appropriation Ordinance of the District is available for inspection and then is subsequently presented at a public hearing.
- (d) The District's Board of Trustees adopts the Annual Budget and Appropriation Ordinance after the public hearing.

Expenditures may not legally exceed the budgeted appropriations at the fund level. The budget may be amended by the District's Board of Trustees. There were no amendments to the budget for the year ended June 30, 2022.

NOTE 2. EXCESS OF ACTUAL EXPENDITURES OVER BUDGET

Expenditures did not exceed the appropriations for the year ended June 30, 2022 for the general fund.

CRETE PUBLIC LIBRARY DISTRICT

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

June 30, 2022

NOTE 3. SCHEDULE OF EMPLOYER CONTRIBUTION

*Summary of Actuarial Methods and Assumptions Used in the Calculation of the 2021 Contribution Rate**

Valuation Date:

Notes Actuarially determined contribution rates are calculated as of December 31 each year, which is 12 months prior to the beginning of the calendar year in which contributions are reported.

Methods and Assumptions Used to Determine 2021 Contribution Rates

<i>Actuarial Cost Method:</i>	Aggregate entry age normal
<i>Amortization Method:</i>	Level percentage of payroll, closed
<i>Remaining Amortization Period:</i>	22-year closed period
<i>Asset Valuation Method:</i>	5-year smoothed market; 20% corridor
<i>Wage Growth:</i>	3.25%
<i>Price Inflation:</i>	2.50%
<i>Salary Increases:</i>	3.35% to 14.25%, including inflation
<i>Investment Rate of Return:</i>	7.25%
<i>Retirement Age:</i>	Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2017 valuation pursuant to an experience study of the period 2014-2016.
<i>Mortality:</i>	For non-disabled retirees, IMRF specific mortality rates were used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Blue Collar Healthy Annuitant Mortality Table with adjustments to match current IMRF experience. For disabled retirees, IMRF specific mortality rates were used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Disabled Retirees Mortality Table applying the same adjustments that were applied for non-disabled lives. For active members, IMRF specific mortality rates were used with fully generational projection scale MP-2017 (base year 2015). The IMRF specific rates were developed from the RP-2014 Employee Mortality Table with adjustments to match current IMRF experience.

Other Information:

Notes There were no benefit changes during the year.

*Based on Valuation Assumptions used in the December 31, 2019 actuarial valuation.
